

## **Environmental Policy**

**Our aim is to provide a training service which is environmentally friendly and promotes best practice to our partners.**

We recognise that our activities may have a negative impact on the environment and our aim is to reduce these as much as reasonably practicable.

### **We will do this by:**

- Continually assessing and reviewing our impact on the environment
- Preventing unnecessary pollution
- Complying with relevant environmental legislation

### **We pledge to:**

- Use public or alternative transport wherever possible
- Regularly service vehicles to ensure efficiency
- Use recycled materials wherever possible, including paper
- Reduce waste through re cycling and integrating in to play training
- Reduce the use of water by use of water meters
- Ensure that we leave areas where we have been working clean and tidy
- Ensure that noise is kept to a minimum when entering, leaving and using premises
- All paper, cardboard and recyclable plastic to be recycled
- Printer cartridges to be returned to manufacturer for recycling
- All WEEE (Waste Electrical and Electronic Equipment) is recycled internally and taken to a recycling centre
- Documentation is held electronically, wherever possible to reduce paper copies
- Webinars and distance learning opportunities are available to minimise travel
